BIO-SECURITY: • All animals over 12 months must have tested clear for CAE and Johnes Disease within past 12 months (1).

• All animals under 12 months that are not tested require clear test results from both tested parents (or dam only when from AI IMPORTED straw).
• Copies of the test results should be attached to the relevant signed Goat Health Statement and submitted with entries via email. The test results must show the entered goat by name and/or ear tag.

• Signing of your entry form indicates that you and any person participating with you, agree to the following inclusions; I/we accept responsibility for checking the catalogue and having corrections made prior to judging; agree to follow the Stewards direction at all times; agree to ensure a safe environment for entries, exhibitors, spectators, officials and all others; and we declare that our animal/s meet the JD/CAE negative tested requirements and declare that they have not been in contact with or in the proximity (2) of untested animals (3) nor in contact with the uncleaned and non-disinfected facilities, vehicles or equipment used by any non-accredited herds or untested animals. Any milk used to feed kids must come from accredited herds or be pasteurized or spray dried (4). Notes: (1) negative test to JD/CAE within 12mths (or kids up to 12 months - require parent clear test results). A copy of laboratory test results with animal's names/tags or if not available, a copy of the laboratory test results with a letter from the veterinary surgeon who collected the samples with the goat's names/tags/identification methods or copy of the relevant accreditation certificate to be provided to the Stewards on request. Any laboratory test result that shows a positive or inconclusive result must be further investigated by a veterinary surgeon and this positive/ inconclusive report must have attached to it the final report of such investigation e.g. a negative faecal test for JD or subsequent negative blood test for CAE. (2) animals are not permitted to make contact with untested animals - unloading/loading; walkways; pens; yards; feed/water receptacles; equipment; transport; show ring; etc at any time or testing is void. Contact is defined as being within 2 metres unless separated by a solid barrier. (3) Animals: goats; sheep; deer; cattle; camel; bison; llama; alpaca (4) goats that have been in contact with animals (3), their manure or unpasteurised goat's milk from non-accredited sources must be held in isolation and be blood tested twice at an interval of 6-12 months. For clarity attending any non-MGBA shows that allow untested animals will be classed as having been in contact with untested animals.

CONDITION OF PARTICIPATION: It is the responsibility of the exhibitor to comply with these biosecurity and welfare measures while participating in any MGBA show - 1) provide adequate supervision of their animals at all times. Animals must not be subject to unsupervised handling or to access by the general public. 2) Restrict animals to designated areas by tethering or penning when not being led. 3) Promptly remove all faecal material regularly to provided plastic lined bins. This is particularly important in laneways and judging areas (it is the responsibility of each exhibitor to clean up after their animals). 4) Equipment must be cleaned and stored when not in use. 5) Sick animals are not permitted on grounds. 6) Accredited studs are responsible for putting in place their own measures to comply with their accreditation scheme. It is not the responsibility of the MGBA or show society to provide such measures. In interpreting the show/event regulations, any decision made by the show committee/manager is final and no correspondence will be entered into.

INSURANCE: All exhibitors/participants are responsible for arranging their own public liability insurance and other insurances. This Association or any of its representatives will not under any circumstances hold itself/themselves liable for any accident, loss or damage and it shall be a condition of entry/participation that each exhibitor/participant shall hold MGBAA and anyone associated with the organisation/conduct of event, blameless and indemnify it against any legal proceedings arising through any accident, loss, non-delivery or damage whatsoever.
